

Thank you for considering GlowZone Sussex Ltd to install your new boiler. We believe we can offer you the best service at the right price. Please see our proposed specification, a detailed estimate is to follow.

Increasing reliability

As Accredited Installers for Worcester Bosch, the UK's leading manufacturer of boilers, we can offer unparalleled reliability and support. Every boiler is thoroughly tested before it leaves the factory. With the lowest failure rate of any manufacture, Worcester is a sound investment.

Reduce your fuel bills

Installing the latest A rated boiler and controls will increase your heating systems efficiency and minimise your fuel bills.

Power flushing and protecting your heating system can increase efficiency by at least **25%**.

Extending the life of your boiler

Power flushing and protecting your heating system will also reduce the number of breakdowns & could extend the life of your boiler by as much as **7** years.

As Accredited Worcester Installers we are able to increase the standard 5 year warranty to **up to 10 Years** for no extra cost, covering parts & Labour cover for any breakdown.

A saving of over £1,250 on the average repair contract
Please enquire about our 7 - 10 year warranties.

Glowzone Sussex Ltd believes in long term customer service. We provide annual servicing, maintenance and fast response repairs. If you have any further questions please do not hesitate to contact us. We believe you will find this specification to be outstanding value.

Please note no gimmicks or misleading offers, only genuine honest prices.

Terms and conditions

1. All work carried out by the Company shall comply with **The Gas Safety (Installation and Use) Regulation 1996** and the **Building Regulations Part L1**, as currently in force.
2. The specification of works shall be carried out during normal working hours, unless authorised and arranged by the Client and the Company.
3. The Company shall “make good” or replace any brickwork or plaster and flooring disturbed during installation but shall not be liable for redecoration or rebuilding, unless otherwise stated. Although we will endeavor to cause the minimum disruption and damage to your property, we cannot be accountable for minor cosmetic damage resulting from work conducted on the installation that the Client has accepted. Please note that all waste materials will be removed and disposed of by a reputable company.
4. Glowzone cannot be held responsible for the integrity of existing pipe work or fittings, or for any damage caused by existing defective pipe work or fittings
5. Any item or items supplied and fitted by Glowzone Sussex Ltd are covered by their manufacturers guarantee, details of which are listed on your estimate. The effective date of such warranties commences from the final date of completion.
6. All components quoted are subject to availability and may be subject to change.
7. The installation charges are to be paid within 14 days of completion.
- 7a. Customers who have entered into a finance agreement **MUST** sign and return to Glowzone, the Customer Satisfaction Note within 14 days of the installation being completed.
8. In the event of legal action being taken by the Company against the Client for breach of payment, the Client shall be responsible for all costs and disbursements incurred by the Company on a full indemnity basis.
9. Any typographical, clerical or other error or omission in any sales literature, quotation, price list, acceptance of offer, invoice or other document or information issued by the Company shall be subject to correction without any liability on the part of the Company.
10. Our health and safety policy is available on request
11. The Goods shall be at the risk of the Customer from the time of delivery.
However, the Goods shall remain the sole and absolute property of the Company until the Customer has paid (i) the Company for the Goods in full and in cleared funds and (ii) any other debts or moneys (or the balances thereof) owed to the Company by the Customer in full and in cleared funds. The Company may recover payment for the Goods notwithstanding that the ownership of the Goods has not passed to the Customer.

Contract Plus-Gas Certificate

TERMS AND CONDITIONS

The boiler is guaranteed against defective materials or workmanship emanating from manufacturing for a period of 120 calendar months from the date of installation subject to the following conditions:

1. That during the currency of this guarantee any components of the boiler which are proved to be faulty or defective in manufacture will be exchanged or repaired at the discretion of Worcester Heat Systems Limited, free of material charges and free of labour charge by Worcester Heat systems Limited.
2. That the period of this warranty will commence from the date of installation and will be valid for a 120 month period after this date.
3. That the Warranty will be invalidated if the boiler is not serviced* in accordance with the manufacturer's instructions and statutory regulations in force from time to time by a competent service engineer within 12 months of installation, and at 12 months intervals thereafter.
4. That proof of the service described in paragraph 3 above must be produced on request.
5. That Worcester Heat Systems Limited will not accept responsibility for any fault on the heating system not forming part of the boiler or any fault arising from causes other than original manufacturing defects or workmanship, or any faults caused by faulty installation, servicing, neglect, misuse, accidental damage or the non-observance of the instructions contained in the Installation and Operating instructions appropriate to the boiler.
6. That the boiler has been used only for the normal domestic purposes for which it is designed.
7. That the guarantee applies only to boilers purchased in and used on the main land of Great Britain.

*Servicing is chargeable. Service does not have to be conducted by Worcester Heat systems, but it must be conducted by a Gas Safe Registered Installer
